

INDEX TO NATIVE FISH ARTICLES PUBLISHED IN THE POPULAR
LITERATURE: 1982 & 1983 UPDATE; WITH ERRATA TO 1946--1981
INDEX AND INDEXING OF AKA LITERATURE, 1962--1970*

Compiled by,
Daniel J. Thompson

During the past two years the vast majority of articles published in the "slicks" concerning native fishes dealt with killifishes. Of the titles previously indexed only Tropical Fish Hobbyist and Freshwater and Marine Aquarium published new material.

While compiling the original index the Sept/Oct 1981 issue of JAKA was overlooked. It is indexed here along with the new entries. Coverage of AKA material is also expanded to cover the period from 1962 to 1970. The original index covered the period from 1971 to 1981.

For the sake of consistency and ease of use this update is structured in the same format as the original index which appeared as the Jan/Feb 1983 issue of American Currents. The following titles have been indexed in this update:

Title	Abbreviation	Years
Tropical Fish Hobbyist	TFH	1982--1983
Freshwater and Marine Aquarium	FAMA	1982--1983
Journal of the AKA with Killie Notes	JAKA	Sept/Oct 1981
Killie Notes, Series I	KN I	1962--1963
Killie Notes, Series II	KN	1968--1970
